

2011 NCCC CONVENTION UPDATE
April 2010

This is the latest information we have as we prepare for the 2011 NCCC Convention. The convention team continues to meet twice each month, one time just Larry Pagliaro and I, and the other time on a conference call with other team leaders on items that are in process and happening now.

Good news we have for everyone is the convention logos have been finalized and the merchandise team of Nancy Bailey and Diana Haack have a sample shirt to show to the Steering Committee and the Midwest Regional Governors at the up coming Regional and National meeting this month. A lot of hard work has gone into this from Perry Scarsellato designing the logos to Nancy and Diana producing merchandise. I had an idea for a convention logo last year and told Perry about it and he read my mind and produced a logo just as I had imagined it. Make sure you thank them if you see them for the fine job they have done so far. Look for an order form soon on the MWR website for early orders for MWR members. This way you'll have a 2011 shirt right after the Florida convention to show off.

Our chairperson list is filling up fast. There are only several spots left to fill. Three of the party nights with themes have clubs hosting them. If your club would like to chair a party night and/or do a theme for a party, let us know. There are only two nights left to host a party. There is no cost to your club since I have dollars in the budget for each night for decorations and entertainment. If you have an interest in this, we have a team of people to help with entertainment and themes.

If you had a chance to attend the regional meeting at the convention center on March 13th in the afternoon before the regional party, you had the opportunity to see first hand how well the Tinley Park Holiday Inn and Convention Center is going to work out for the Midwest Region Convention. At that meeting we saw a video of what is planned and where everything is going to take place. We also took a tour of the convention center and talked about where things are taking place within the center.

If you missed it, talk to your governor since every governor attending the meeting was handed a copy of the DVD for 2011 convention. A lot of questions were asked and I think we answered them all. If you have any questions about 2011, go to the MWR website 2011 convention plans and click on the e-mail to Larry and me and we will get you an answer.

Each day we work on this project it gets more and more exciting planning for everyone to have a good time in Tinley Park. I encourage you to get involved now and not miss out on the planning and hosting the 2011 NCCC Convention in Tinley Park, Illinois.

Dave Heinemann
2011 Convention Director
