Greetings:

Well, the weather has changed to those great summer days that only a Midwesterner can really enjoy. I hope everyone is into the summer with their Corvette and Corvette club activities, including Midwest Region activities. At this time of the year, we're deep into this summer's list of 150-plus events in the Midwest Region and we all have plenty of opportunities to rallye, autocross, or show off our Corvettes at the various car shows. What a great way to enjoy the summer with the greatest car made! Make sure to check the event sanction schedule at MWRegion.com to find the event that interests you or the event you particularly want to attend.

I would like to THANK all of the VOLUNTEERS who work at all the club events for making these events a success and fun. Without these volunteers, there probably would be no event or Corvette fun for all. It takes many people to have fun.

I hope everyone has made plans to attend the NCCC 50th year Convention this year in Colorado Springs, CO. This is going to be a big event and I am looking forward to seeing all of you there.

Remember to share your Corvette experience with fellow Corvette owners who do not belong to a club. Invite them to attend your club, become a member and join the NCCC family. Remember, it's more fun to participate in activities with other Corvettes and owners to share the experience.

Warren Snyder, Midwest Region RE
