Fall 2017

On July 16th, 2017, the Northern Illinois Corvette Club celebrated their 45th anniversary. Our photo of 28 member cars was taken in front of the Poplar Grove Vintage Wings & Wheels Museum which houses magnificent vintage airplanes, cars and tractors along with additional artifacts and exhibits that address the period between late 1800s and 1930s. After the photo shoot one member hosted a hangar party that was attended by about 50 people.

NICC's activities are wide-ranging. We hold monthly meetings which include dinner and social hour. Periodically, guest speakers educate us regarding various aspects of Corvette ownership and functions of our charitable missions. The club participates in several parades each year. We host Corvette car shows and All Chevy car shows, runs & mini-runs. Some of our members are involved in speed events. Each year we hold a progressive dinner, wiener roast, wine tasting and a winter party. Twice a year we clean our adopted highway.

Our membership number at this time is 122 Corvette enthusiasts.
